Leading Manufacturers & Exporters of Rotavator Spare Parts in India

Director Message

"We must strive to be the best in all sphere of activities i.e Best in Quality, Best in Efficiency, Best in Cost, Best in deliveries and Best in Service. This means -Best in Class. Our goal is to incentives the supply to the biggest groups and defend our own profile of manufacturers."

Our best products are a result of harmony between our manpower, machines and time. The product range is tested at varied stages and is fabricated with acute precision. Innovative technology is fully implemented in our infrastructure by a team of proficient workforce, who also ensures that our products are impeccable.

We also possess Quality Testing Machines, wherein different checks and tests are conducted by the experts. With our mission to do extremely well in our field, our endeavours are aimed at attaining international certification on quality.

Mr. Mahavir Jindal
M.D.

Mr. Anil Jindal
M.D.

Vision

Our vision is to be the number one provider of high-quality products in India and to be for a leading competitor worldwide.

Mission

Our mission is to provide our clients with high-quality agriculture spares sold at affordable prices.

Values

Nirmal Products is an agriculture spares manufacturers partner with clients belonging to agriculture sector to deliver high-quality products.

NIRMAL Products

committed to
providing customer
service
to the highest
standards.

Who we are

THE LEADING COMPANY

IN PUNJAB IS MANUFACTURER OF AGRICULTURE SPARE PARTS

Welcome to the world of **Nirmal Products** a leading manufacturer and supplier of agriculture spares and other specified products.

What started in 1997 as a small Greenfield project has now become one of the most sought after name in the spare part industry. We believe in that "take care of your customers and employees and profits will take care of themselves". we have shown a commendable service since our start, Also by introducing the computerized machinery. The company is managed by a team of proficient technocrats and skilled professionals. Stringent quality checks and cost cutting techniques are in place at every step of production ensuring that only the best comes out company. Giving world class quality at most affordable prices has been our passion since our inception.

Company has employed best hands and minds available in the industry, who continuously work hard to meet the growing demands of our diverse client base. Our proficient workforce comprises highly skilled, experienced and diligent quality monitoring experts, engineers, skilled workforce, market analyst and many more. These professionals work in proper coordination with one another in a synchronized environment, thereby fulfilling organizational goals of our company. Due to the ardent efforts of our skilled professionals, we are able to carve a strong industrial position.

A friendly team who create
neat stuff for our clients.

Client Satisfaction

We have been able to attain high recognition among our customers and succeeded in widening our customer base through our superior quality range of agriculture spares we render to our clients.

Our Team

We take pride on our team of talented professionals who are of immense help to our enterprise. Our professionals make efforts to utilize the resources efficiently and ensure that they render superior services to our customers.

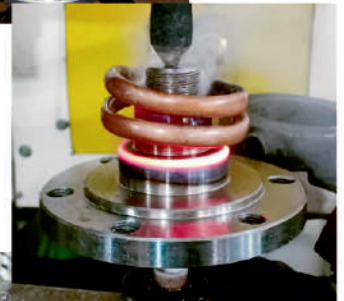

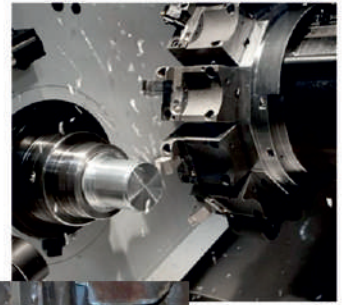

Quality Assurance

We strive hard to ensure high quality in our array of rotavator products, which we render to our clients. Our team utilizes high quality raw material such as Iron Bars, Forgings, Steel Sheets and pipes while offering our agriculture spares.

In House Manufacturing Facilities

Nirmal Products is managed by a team of proficient technocrats and skilled professionals. Stringent quality checks are giving world class quality at most affordable prices has been our passion since our inception. Our infrastructure is divided in properly segmented departments. Latest machinery and advanced technology is allotted in each division to ensure the manufacturing of a flawless range of products. Our manufacturing unit helps us to offer quality complete rotavators / rotary tillers, rotavator parts, rotavator blades etc for domestic and foreign markets. Apart from the Production unit, we also have R&D unit, Quality Testing unit, Warehouse, Raw material section, Distribution section. Some of the machines which are used for manufacturing quality products are:

- Lathes
- CNC Turning Center
- VMC Machines
- HMC Machines
- Plasma Cutting Machine
- Gear Hobbing Machines
- Spline Hobbing Machines
- Induction Hardening & Tempering
- Gear Shavers
- Multi Drilling Machines
- Center Facing SPM's
